EMITTER/LST CASE POSITIONING

Information for the installer

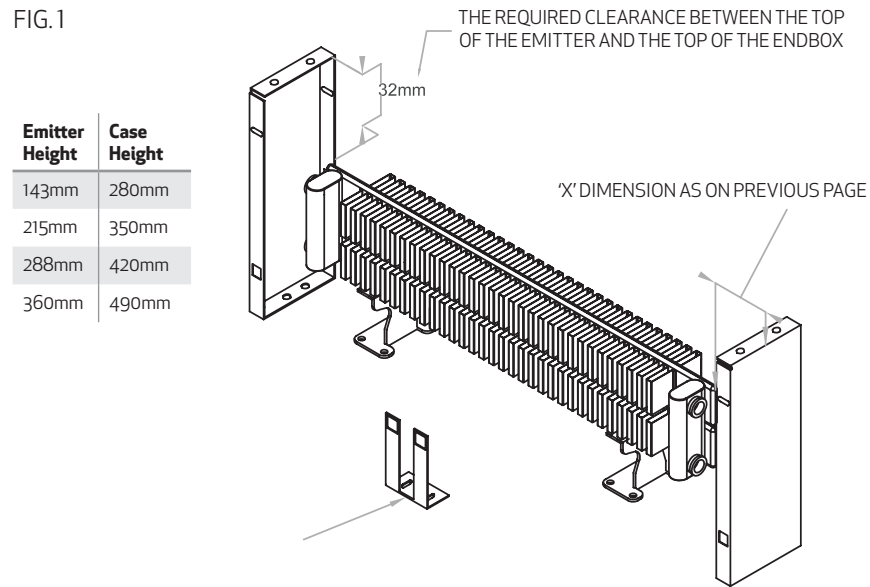

LST Style 10

Freestanding - suitable with horizontal Precision emitters

Installation Procedure:

1. For TRV cutout positions and LST locations to suit, contact the Merriott sales office.
2. Fix endboxes to floor surface as shown in FIG.1 ensuring that required dimensions are adhered to. The centre of the bottom bracket corresponds to the centre of the intermediate tabs on the front panel.
3. Locate tabs on inside of both panels. Slide into slots provided in endboxes. Push the panel into its upright position and lock in place using M8 nuts and washers (see FIG. 3).
4. Place top grille in position as shown in FIG.4. Lock in place by inserting M4 hex socket screws through the keyhole plates in the grille and into the threaded hole in the endbox.

FIG.1

Emitter Height	Case Height
143mm	280mm
215mm	350mm
288mm	420mm
360mm	490mm
